Peruvian quality
in every dehydrated
fruit and vegetable

WHO WE ARE

Andean Fruits and Veggies favored location in the heartland of Peru, gives it a valuable access to a rich variety of fresh fruits and vegetables available throughout the year.

Thanks to that, and to a highly efficient industrial dehydration process, we transform those natural resources into exceptional quality products.

By focusing on food solutions that retain the flavor, nutritional value, and freshness of every ingredient, we deliver high quality at competitive prices in the global market.

OUR PRODUCTS

Several sectors in the food industry benefit from our catalog, which includes a wide variety of premium quality dehydrated fruits and vegetables, like:

BANANA

PINEAPPLE

BLUEBERRY

CHERRY TOMATO

STRAWBERRY

MANGO

GOLDENBERRY

QUALITY CERTIFICATIONS

The following global certifications are an endorsement of our standards, allowing us to export to international markets with confidence, and supporting our proud commitment to quality and food safety:

OUR FACILITIES

Implemented with cutting-edge technology, our processing plant guarantees quality at every production stage.

TECHNICAL SPECIFICATIONS

% BRIX

Fruit sweetness or sugar concentration levels.

% MOISTURE

Accurate balance control between freshness and lastingness. Range: 2%–50% depending on product and specification.

pH

Uninterrupted monitoring to ensure food safety.

FLAVOR AND TEXTURE

Preserved to maintain the genuineness of every product.

FIND THE PERFECT FIT FOR YOUR NEEDS OF DERIVATIVE PRODUCTS.

Perfectly suited for a wide range of products, our natural dehydrated fruits bring vibrant flavor, color, and nutrition to any recipe irresistibly tasty—add the best of nature to your creations!
